

Automated Image Interpretation via ConvNets & Recurrent Networks

Xiongming Dai

SysEng 5212/EE 5370

May 4, 2018

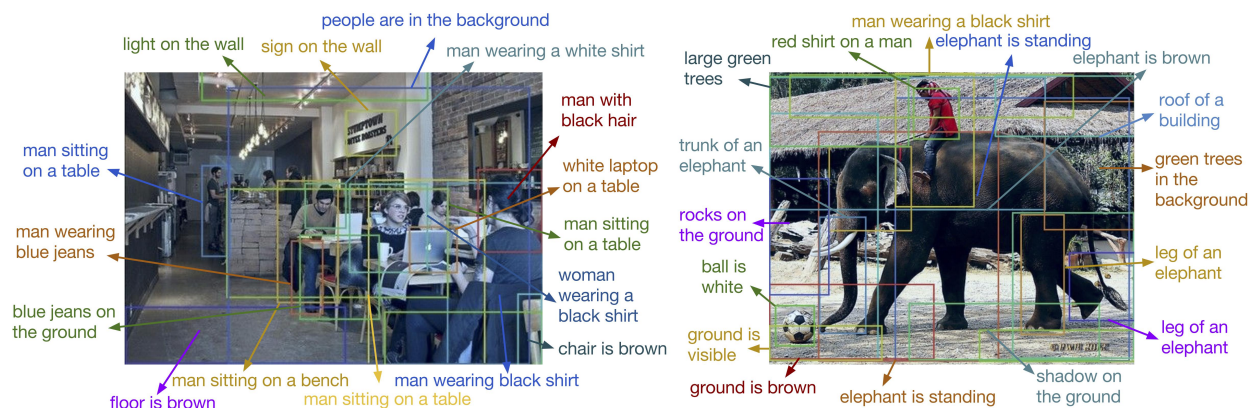

Table of Contents

1. Introduction.....	1
2. Approach.....	2
2.1 Learning to align visual and language data.....	2
2.2 Multimodal Recurrent Neural Network for generating descriptions.....	5
3. Performance Results.....	6
3.1 Image-Sentence Alignment Evaluation.....	6
3.2 Generated Descriptions: Fulframe evaluation.....	6
4. Conclusions.....	7
5. References.....	7
